WARRANT FOR TOWN MEETING.

THE STATE OF NEW HAMPSHIRE.

To the Inhabitants of the Town of Amherst, in the County of Hillsborough, in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall, in said Amherst, on Tuesday, the fourteenth day of March next, at ten of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year, and make appropriation of the same.

3. To raise such a sum of money as may be necessary for repairing highways and bridges.

4. To raise such a sum of money as may be necessary for school purposes.

5. To raise such a sum of money as may be necessary for the maintenance of the town poor.

6. To see what sum of money the town will raise and appropriate for the observance of Memorial Day.

7. To see what sum of money the town will vote to raise and appropriate for the public library.

8. To see if the town will vote to accept, in accordance with the request of the late Sarah F. Upham, a bequest of two hundred dollars, the interest of which to be used in the care of the lots of Jacob B. Upham and Charles Converse.

9. To see if the town will vote to accept, in accordance with the request of the late Henry Howard, a bequest of two hundred dollars, the interest of which to be used in the care of the lot of Henry Howard.

10. To see if the town will vote to accept, in accordance with the request of the late Mrs. Abby Ballard, known as the Bartholomew Dodge fund, a bequest of ninety dollars, the interest of which to be used in the care of the lot of Bartholomew Dodge.

11. To see if the town will vote to accept any other bequest that may be left for care of lots in cemetery.

12. To see if the town will vote to purchase a number of hand chemical fire extinguishers.

13. To hear the reports of agents, auditors, committees, and other officers heretofore chosen, and pass any vote in relation thereto.

14. To transact any other business that may legally come before said meeting.

Given under our hands and seal this twenty-fifth day of February, in the year of our Lord eighteen hundred and ninety-nine.

REPORT OF

—THE—

Board of Education,

—FOR THE—

Year Ending March 1, 1899.

REPORT OF

The Board of Education

FOR THE YEAR ENDING MARCH 1, 1899.

At the annual meeting held March 10, 1898, Rev. H. B. Marshall was elected a member of the Board of Education for three years. W. W. Sloan was elected Treasurer of the School District.

On March 11 the Board of Education organized as follows: President, A. J. McGown; Secretary, H. B. Marshall; to attend to repairs, the furnishing of fuel, etc., W. W. Sloan.

The following schools were assigned to the several members of the Board for supervision: Numbers 2, 5, 7, W. W. Sloan; Numbers 3, 6, 9, H. B. Marshall; Numbers 4, 8, 10, A. J. McGown. The High and Primary Schools in the matter of supervision are open to all the members.

As this report is to appear with that of the Town and Library and not as heretofore as a separate publication, it will be necessary to reduce it to as small a compass as possible.

It was the purpose of the Board at the beginning of the year, to give to all the schools three terms of eleven weeks each. It was found, as the year advanced, that the money appropriated was not sufficient to accomplish this purpose, and so it became necessary to shorten the Winter term in all the schools, with one exception, two weeks. By resorting to the Nutt fund the High School was sustained according to the original plan. The Primary School and the school at Number 3 suffered an additional limitation. On account of physical disability during the Fall term Miss Keyes was

obliged to resign the position which she has so long and satisfactorily held in the Primary School, five weeks before its close. Miss Spitzli, who was engaged as her successor, after three weeks of service, was summoned home on account of the accidental death of her brother and was not able to complete the term. This shortage was in part provided for, by the opening of the Winter term of this school one week earlier than the others, but as it continued no longer than these, it is still entitled to an additional week. On account of an accident which she sustained early in the final week, Miss Lynch was obliged to suspend work at Number 3 several days before the term expired.

All the schools, with one exception, have been in operation throughout the year. Number 9 has been closed. The scholars during the Spring term were conveyed to Number 8 and Number 7 during the remainder of the year. At the present time there are no scholars permanently residing within the limits of this district. Those that were provided for during the Winter can only be regarded as transients, and the Board was not a little perplexed as to what disposition to make of them. The contention is a common one, that because the residents of a district pay taxes they are as much entitled to a school as the residents of those districts for which schools are provided But it will be readily admitted that without scholars there can be no school: and it will be very generally conceded that a school cannot be profitably sustained for which not more than three scholars can be gathered.

The best way to obviate these perplexing cases is to resort to partial consolidation and it would seem, all things considered, that we have arrived at a time when a more general if not complete consolidation should be agreed upon. Already scholars are attending the High School who reside in some of the remote districts and this order of things will continue as the years multiply. By including all, conveyance could be provided for all at the public expense. In this way the village schools would be greatly improved and all would share in the benefit.

All of the schools have enjoyed the advantage of the same teacher at least two terms, and the majority of them has been under the same instructor throughout the year It would be superfluous in view of utterances to be found in previous reports to say that the same teacher—provided she is in any sense a fit—in the same school term after term, will secure the best results.

The work of the year on the whole, in the opinion of the Board, will compare favorably with former years. The aim is to make each succeeding year better than the last: a consummation which calls for thoughtful, and helpful endeavor on the part of all.

The High School, because it is open to all scholars in the town, calls for special remark. In the writer's knowledge it has never been more excellent than it is at the present time. A course of study somewhat complete has been arranged, and is being quite generally pursued. This will be enriched as from time to time it may be demanded. According to present plans a class will be graduated at the expiration of the Spring term and those composing it will receive a diploma. If scholars thus graduated desire to remain longer, they will be allowed to do so, and will be considered post graduates. The diploma however ought to be a passport to advanced standing in schools and seminaries offering a more extensive course.

In view of the multiplicity of studies it was deemed expedient at the beginning of the year under review to employ an assistant for this school.

This was rendered possible for a year by resorting to the Nutt fund from whose income entirely the assistant has been paid. That this movement was wise there can be no question, for no teacher can do herself or her pupils justice who is obliged to give daily attention to a score or more of classes. It is the number of classes, and not the number of scholars that consumes a teacher's time and renders assistance necessary.

In order to make this arrangement permanent it must be reconed with when the yearly appropriations are made, as the income of the Nutt fund is inadequate, and to a

certain extent should be kept in reserve for improvements in this school as from time to time they may be needed.

It should be remembered that in the village schools as at present arranged, there are only three teachers, for at least four grades. If suitable rooms were to be had an unquestionable advantage would be secured by putting in operation three schools where we now have but two.

In the matter of furnishing nothing unusual has been done, with the exception of the purchase of an Arithmetical Chart for the use of the Primary and High schools combined, which if brought into requisition will greatly facilitate the study of that important branch.

Improvements have been made as follows: At No. 2, one side of the roof has been shingled and the plastering repaired.

At No. 7, the house has been painted without, and whitewashed within, and a fence has been built.

Through the efforts of Miss Phelps during the Spring term, a flag staff was erected, and a neat flag of ample proportions purchased from funds obtained by private subscriptions was unfurled.

At No. 10, one side of the roof has been shingled.

Improvements needed. With the exception of Nos. 4, and 7, all the houses the coming year will need painting. The house at No. 2, calls loudly for more extensive repairs.

It would be gratifying to the Board to know that its labors have been entirely satisfactory to all. But as human nature is constituted this is too much to expect.

It is however with the consciousness of having endeavored to subserve the best interest of all, that it submits this its annual report.

ABSTRACT OF REGISTERS.

The whole number of scholars during the year ending March 1, 1899, between the ages of 5 and 15, as shown by registers, is 153; above 15 and less than 5 years of age, 17. Total, 170. We have had ten schools and employed eleven teachers.

N. B. It will be noticed by the above list of sixty-four names, that more than one-third of all our scholars receive honorable mention for perfect attendance for one or more terms of school, thus raising the average daily attendance to a high standard. Reports of conduct and excellence in study are also exceedingly gratifying to your school board. We are assured by such entries upon the registers that parents very generally have co-operated with teachers to secure these good results. As we put into the schools the very best teachers we can secure, we most earnestly hope and request, for the good of every scholar, that there be an increased interest taken in the order of our schools, in the studies pursued, and persistent efforts made to secure perfect attendance, if possible. How grand a report we may have next year if we can say that our "roll of honor" includes not one-third, but our *whole* enrollment.

Respectfully submitted by the School Board of Amherst.

W. W. SLOAN,
A. J. McGOWN,
H. B. MARSHALL,
School Board.
